PATENT

SUBSTITUTE DECLARATION

  
As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is claimed and for which a patent is sought on the invention entitled MULTIPLE COIN ACTUATION MECHANISM, disclosed and claimed in utility application No. 10/798,189, filed March 11, 2004.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claim(s), as amended by any amendment referred to above.

I acknowledge the duty to disclose information known to me to be material to patentability in accordance with Title 37, Code of Federal Regulations, Section 1.56 (a).

I hereby claim the benefit under Title 35, United States Code, Section 119 of any United States provisional application(s) listed below and, insofar as the subject matter of each of the claim(s) of this application is not disclosed in the prior United States provisional application(s) in the manner provided by the first paragraph of Title 35, United States Code, Section 112, I acknowledge the duty to disclose material information as defined in Title 37, Code of Federal Regulations, Section 1.56(a) which occurred between the filing date of the prior provisional application(s) and the national or PCT international filing date of this application:

<u>60/463,305</u>	<u>April 14, 2003</u>	<u>Pending</u>
(Application No.)	(Filing Date)	(Status)

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
